

I oppose media concentration

I am writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules.

I am frightened by the proposed changes to the rules. It has become increasingly more difficult to find news and information. I spend a lot of time in my car. I have been unable to find any other source of news aside from NPR. (National Public Radio gives me 5 minutes of news every 30 minutes.) I have learned that this dearth of information is in large part due to the recent changes to the FCC rules for radio broadcasting. I am aware that there are a few large companies who decide what information I receive and when. It makes me angry. I believe there should be a variety of sources of news and information. There is no reason that I should have fewer choices.

I have a voice. I feel like I am being dismissed and violated when I find out there are decisions being made despite overwhelming protest. Please hear my voice.

Respectfully,

Nancy Hausman
